Review documents and highlight important clauses and risks.

AI Compliance Agent –
Assist with policy, documentation and process compliance.

Why Leading Interior Businesses Choose **BUILDX**

Built Specifically For Interior Businesses

Unlike generic ERP systems, BUILDX understands the complexities of interior design and turnkey execution projects.

Gain Complete Control
Manage projects, materials, vendors, finances and teams from a single platform.

Improve Profitability
Track every cost and maximize margins across every project.

Make Faster Decisions
Access real-time dashboards and business insights.

Scale Operations Efficiently
Standardize processes and reduce manual effort.

Why Customers Love **BUILDX**

Centralized Operations

Bring projects, teams, vendors and finances together on one integrated platform.

Real-Time Visibility

Monitor project progress, costs, and resources in real-time from anywhere.

Better Cost Control

Track every expense, manage budgets and reduce cost overruns effectively.

Faster Project Execution

Streamline workflows and collaborate seamlessly to deliver projects on time.

Improved Client Satisfaction

Deliver quality, transparency and communication at every step.

Data-Driven Growth

Leverage insights to identify opportunities and drive sustainable business growth.

BUILDX

Build Better Spaces.
Deliver Exceptional Experiences.
Grow With Confidence.
